Good Morning John ...and Family

I'm still getting compliments and photos from the Celebration Service we Co-Hosted for our mutual friend Ben Laurie. I think it was Near Perfect.

The success began with your flexibility, allowing us to "change the rules" of a traditional service to something bordering on a **Party for Ben**. You, not only Gave us the "space" to create, but worked with us Hands-On. Attention was paid to basic things like Audio, Air Conditioning, Car Parking ...not to mention allowing me to *replace Flowers* with *Balloons*. Your Chapel was the perfect "fit" for this occasion, but your Staff really made it happen.

**I'm not sure this could have been as excellent elsewhere.**

So to You, the members of your "Family", the Security Team that kept the In & Out moving smoothly, Thank You. "Nobody Does it Better". Please use me as a Reference.
